16th June 2021

Dear parents and carers,

Transition to Blackminster Middle School

My staff and I are very much looking forward to welcoming your child to Blackminster Middle School in September.

Following the Prime Minister's announcement on Monday that the current COVID restrictions are to remain in place until 19th July, we have had to review our plans for induction. Our planned parents' evening on June 23rd has been cancelled, and so has the Induction Day on June 30th. This decision has been taken in consultation with High Schools, First Schools and other Middle Schools across the area.

I'd like to reassure you that we will be doing all we can to smooth the transition for you and your child, and will be producing lots of materials (including introductory videos) over the next few days and weeks. These will be found on our website <https://www.blackminster.worcs.sch.uk/admissions/> and we'll let you know when this is updated.

I appreciate that the transition from First to Middle School can be an anxious time (as well as an exciting one!) for some children and families, but please be assured that students will be very well looked after when they join us. Our current Year 6 students, who joined us last year under similar circumstances, settled very quickly and I have every confidence that your child's cohort will do the same.

I'll be in touch again in the next few weeks with more information for you (uniform lists, your child's tutor group etc) but in the meantime please contact us if you have any questions. I'd also urge you to take a look at our school's website and Facebook page, where you will be able to see something of the community you and your child will be joining.

Kind regards,

Linda McQuone
Headteacher
